

ANDREW TOLIVER, #1715875                   §  
VS.                                                 §                                                 CIVIL ACTION NO. 4:14cv42  
DIRECTOR, TDCJ-CID                         §

Petitioner Andrew Toliver, an inmate confined in the Texas prison system, proceeding *pro se*, filed this petition for a writ of habeas corpus challenging his conviction pursuant to 28 U.S.C. § 2254. The cause of action was referred to United States Magistrate Judge Don D. Bush, who issued a Report and Recommendation concluding that the petition lacks merit and should be denied. The Petitioner has filed objections.

The Report of the Magistrate Judge, which contains his proposed findings of fact and recommendations for the disposition of such action, has been presented for consideration, and having made a *de novo* review of the objections raised by the Petitioner to the Report, the Court is of the opinion that the findings and conclusions of the Magistrate Judge are correct and the Petitioner's objections are without merit. Therefore the Court hereby adopts the findings and conclusions of the Magistrate Judge as the findings and conclusions of the Court. It is accordingly

**ORDERED** that the petition for a writ of habeas corpus is **DENIED** and the case is **DISMISSED** with prejudice. A certificate of appealability is **DENIED**. All motions not previously ruled on are hereby **DENIED**.
